Integrated M&A Lifecycle Solution

Legal & Risk Insights | Efficient | Simplified

Discover the Ashurst Difference

Enhancing deal value, risk protection and transaction efficiencies across the entire M&A lifecycle

Significant M&A transactions are major events for any organisation and the teams involved. Managing counterparties, Boards, bankers, lawyers, consultants, regulators and other stakeholders - while seeking to stay on top of the deal and produce troves of information and analysis - can be a daunting experience.

Ashurst's **integrated M&A lifecycle solution** helps you navigate the complexities of M&A transactions and post-transaction harmonisation with an integrated legal, risk and compliance, and NewLaw offering - all under one roof.

With a unified team delivering a coordinated and cohesive approach across more of the M&A lifecycle, you can **simplify the deal process and substantially reduce execution risk.**

Legal-led and risk informed, our end-to-end solution enhances **deal value, risk protection and transaction efficiencies** through comprehensive legal, risk and compliance insights at all stages of the M&A lifecycle - from planning and strategy through due diligence and transaction negotiations, to execution and post-transaction integration and monitoring.

Designed by and for transaction facilitators

Protects deal value and mitigates deal risks across the M&A lifecycle – from transaction through post-transaction integration and harmonisation.

Provides a practical understanding of the risk, compliance and governance matters for the transaction and appreciation of the materiality of key identified risks using a data-driven approach.

Reduces the burden (time/costs) of managing multiple advisors on a transaction and facilitates efficient and complete movement into post-transaction harmonisation/integration phase.

Delivers closed out and cross-referenced due diligence legal, risk and compliance requirements across engagement phases.

Utilises technologies and digital project management and workflow platforms - to drive transaction efficiencies, data analytics and insights, and real-time updates.
