

ASHURST ADVANCE REACH – LEGAL FLEXIBLE RESOURCING SOLUTIONS

Why join Ashurst Advance Reach?

Ashurst Advance Reach is Ashurst's dedicated flexible legal resourcing platform. Reach has been established to provide Ashurst practice groups and their clients access to a high quality talent pool of lawyers across a wide range of levels and specialities, all account managed by a lead Senior Operations Manager within Ashurst Advance and supported by a collaboration with two leading external flexible resourcing providers. Reach also creates a platform which allows the firm to actively re-engage with our lawyer alumni who have chosen alternative career paths.

What can I expect as a Reach consultant?

Ashurst is a truly global firm with a reputation for high performance, a wealth of industry experience and a refreshingly open and diverse culture. As a Reach consultant we can offer you the chance to be part of a collaborative, respectful and inclusive team and to work alongside dynamic and committed professionals, tackle interesting challenges and have the satisfaction of knowing that you have worked in partnership with clients around the world to achieve their ambitions.

At Reach we pride ourselves on providing a personalised service to both our consultants and clients. We work in partnership to achieve the best outcomes for all.

Choosing to work flexibly

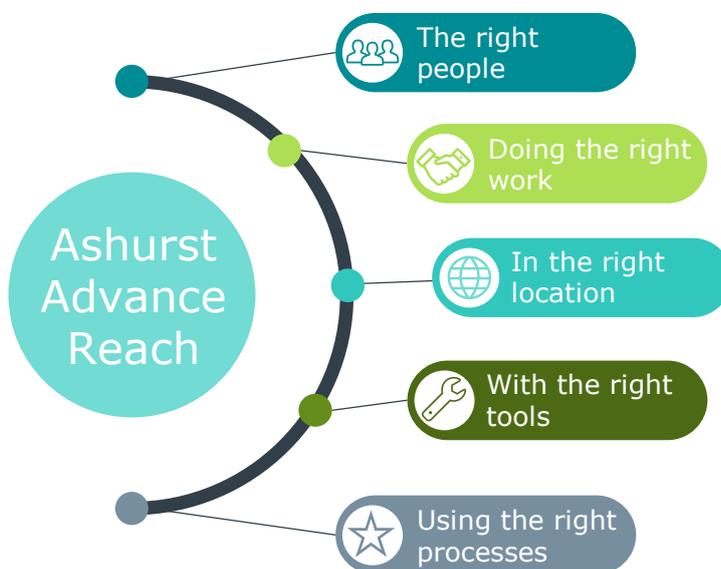

At Reach we understand that many legal professionals now demand more flexibility in the way they chose to work and Reach seeks to provide this.

The traditional pyramid-based resourcing model used by law firms for delivering legal work is becoming increasingly outdated and has proven to be inefficient. The NewLaw model, on which Ashurst Advance is built, is to unbundle work into its component tasks and allocate each task to the resourcing layer most appropriately equipped to handle it, based upon their skills, experience and efficiency. Our Alternative Resourcing offering comprises a team of Legal Analysts, including our managed legal services, and Reach our flexible resourcing platform to provide greater flexibility and options to our clients and consultants .

ASHURST ADVANCE REACH – LEGAL FLEXIBLE RESOURCING SOLUTIONS

In the legal sector, more traditional structures and career paths are giving way to new models, and what was once considered 'alternative' is fast becoming the norm. We believe firmly in the power of collaboration to find that optimal balance between flexibility, rigour and quality of work. Whether you are a seasoned legal contractor or completely new to the interim market, our resourcing team will help you to think creatively about your next move.

How does it work?

Reach offers a diverse range of opportunities, ranging from ad hoc or 'as needed' basis to fixed project support and longer term assignments with a pre-determined duration. These opportunities will either be to support us internally at Ashurst or to support our clients.

Key contacts and next steps

The Ashurst Advance Reach service is initially launching in the UK & Australian markets but will be expanded globally in time. If you would be interested in learning more about joining our flexible resourcing network then please contact our Senior Operations Manager, Alexa Crawford.
